

Future proofing digital infrastructure for Higher Education

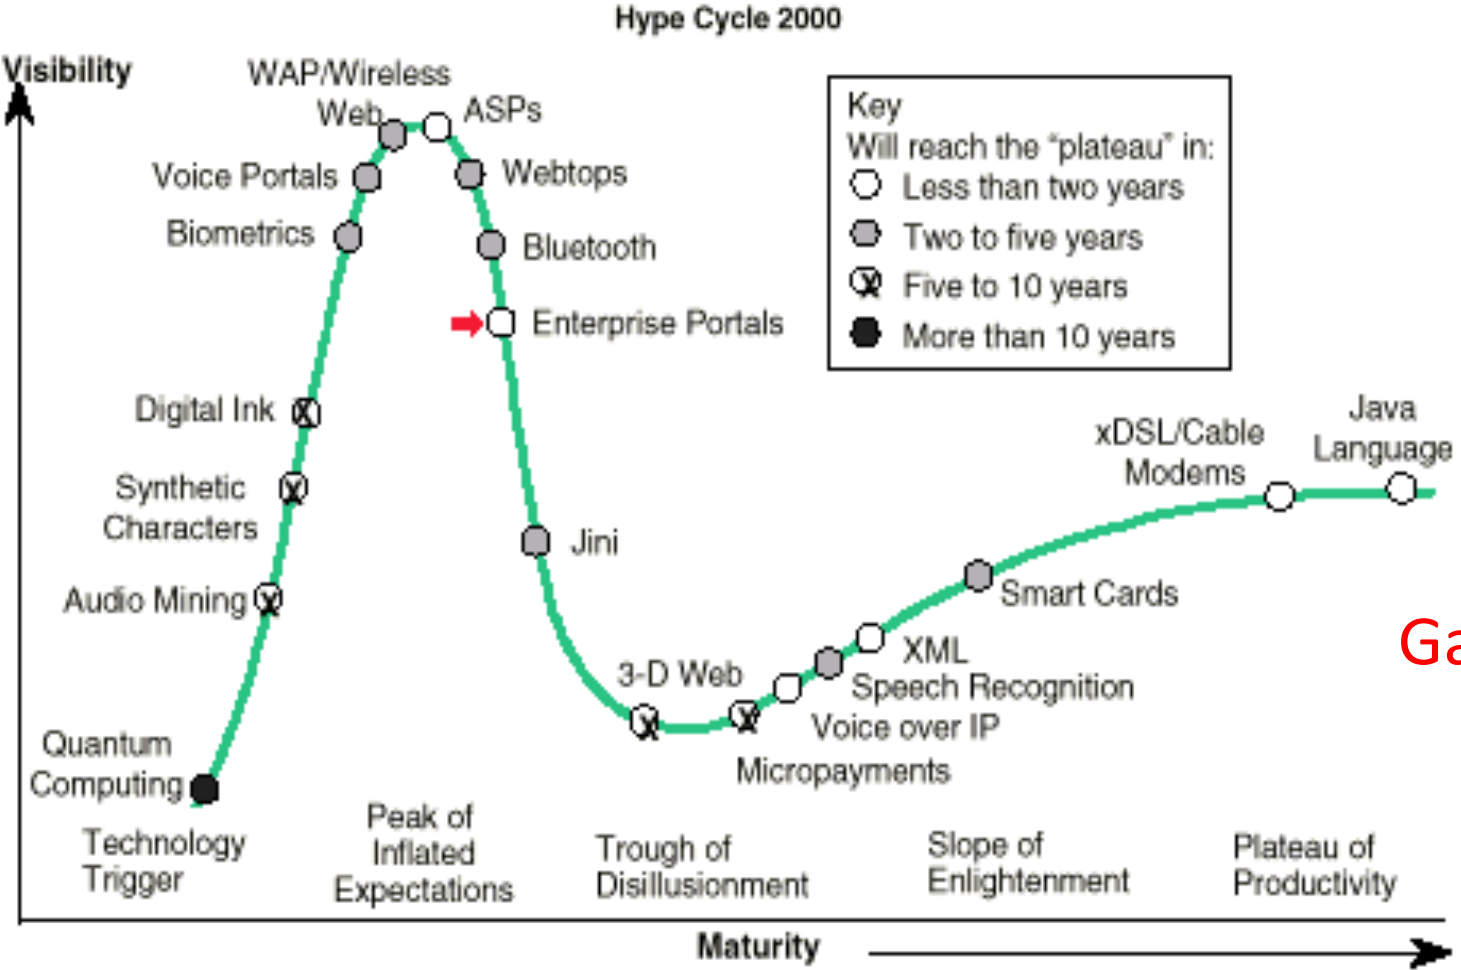

HEA Future Focus Forum: Digital Transformation and Enabling Technologies in Higher Education,
Dublin, 19th Feb 2019

*Dr. Paul Doyle
School of Computer Science
Technological University Dublin – City Campus*

Technology has impacted HEIs

Future proofing digital infrastructure for Higher Education

Gartner Reports

We need a stakeholder centric view

Learners

Researchers

Institutes

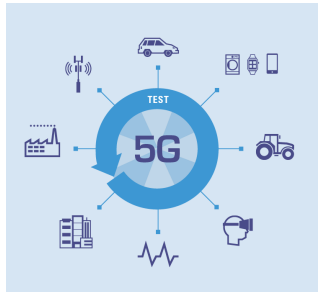

Lecturers

Future Pressures

Data Transfer

Digital Identity

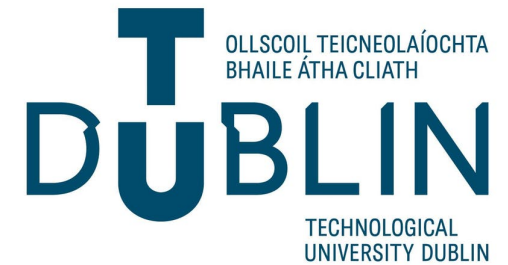

Powering
The Internet of Things

Cyber Security

Online Learning

Future proofing digital infrastructure for Higher Education

A Data Tsunami mined by Artificial Intelligence,
for personalised education.

But what about Data Privacy and Ethics?
