# Objectives

- ▶ Respond effectively to customer needs
- ▶ Support customers individually and collaboratively
- ▶ Build professional trust with our stakeholders
- ▶ Promote compliance and best practice in Public Sector Procurement
- ▶ To enable and strengthen the Education Sector engagement with the OGP
- ▶ To develop a clear communications strategy for EPS

# First Steps

- ▶ Be visible, open, connect and encourage engagement
- ▶ Develop and provide suitable platform for communication across the education sector;
  - Surveys tailored to individual groups
  - Meet with groups e.g. workshops – analyse data with group representatives to identify areas of need and actions required
  - Provide feedback and action updates

# Education sector stakeholder engagement

- Complete a survey of the education sector and hold interactive workshops to establish engagement issues amongst:
  - ETB's
  - IoT's
  - Universities
  - Agencies
  - Schools
  - DES
- Communicate findings to the OGP and feedback response
- Prepare final report on workshop outputs and submit to the OGP and DES

# Next Steps

- Update website – Online interaction
- Improve and maintain social media presence
- Newsletter
- Plan events for wider audience on completion of successful individual stakeholder engagement

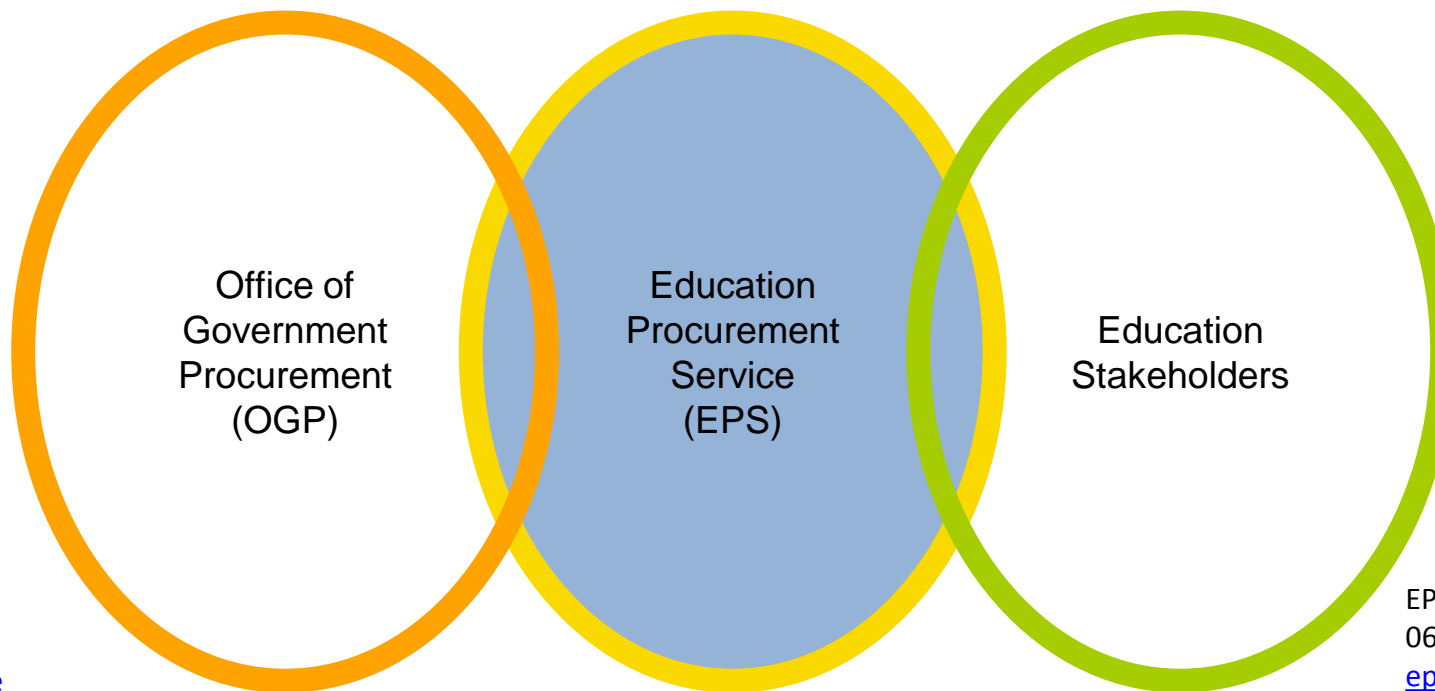

# Implementation

- Apply a consistent approach to communication and maintain professional and ethical standards
- Explore best practice in delivering solutions to communication problems
- Have a clear understanding of the issues
- Keep connected
- Turn plans into successfully implemented actions
- Feedback
