Foreword

by Dr Graham Love, Chief Executive, Higher Education Authority

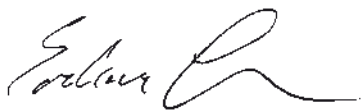

Key Facts and Figures (2016/17) is thirteenth in the series of annual reports from the HEA's Statistics Unit. This year's document provides an overview of data from the Irish higher education system highlighting key trends in relation to the following:

- ▶ New Entrants
- ▶ Enrolments
- ▶ Graduates
- ▶ Research
- ▶ Participation
- ▶ Staffing
- ▶ Finances

Overall, enrolments to the higher education system continue to increase, with over 225,000 full-time, part-time and remote students enrolled in HEA funded institutions in 2016/17. This represents an increase of 1% on the previous year. The number of full-time new entrants to undergraduate higher education now exceeds 43,000, a figure that is 5% higher than five years ago, thus reflecting a continuing demand for higher education in Ireland. There are 9,800 students engaged in full-time and part-time postgraduate research in HEA-funded institutions, a figure which has increased by 6% since 2013/14 following four years of decline. Furthermore, there were almost 70,000 graduates of higher education institutions in 2016, of which 49,000 were undergraduates and 21,000 were postgraduates. This represents an increase of 8% on the previous year.

A range of key trends over the last five years are presented in this publication and are intended as a convenient reference document for higher education institutions, government departments and those with an interest in higher education. Further student statistics for 2016/17 are available on the HEA website @ <http://hea.ie/statistics-archive/>.

The HEA wishes to thank the participating higher education institutions for their on-going cooperation in providing such important data.

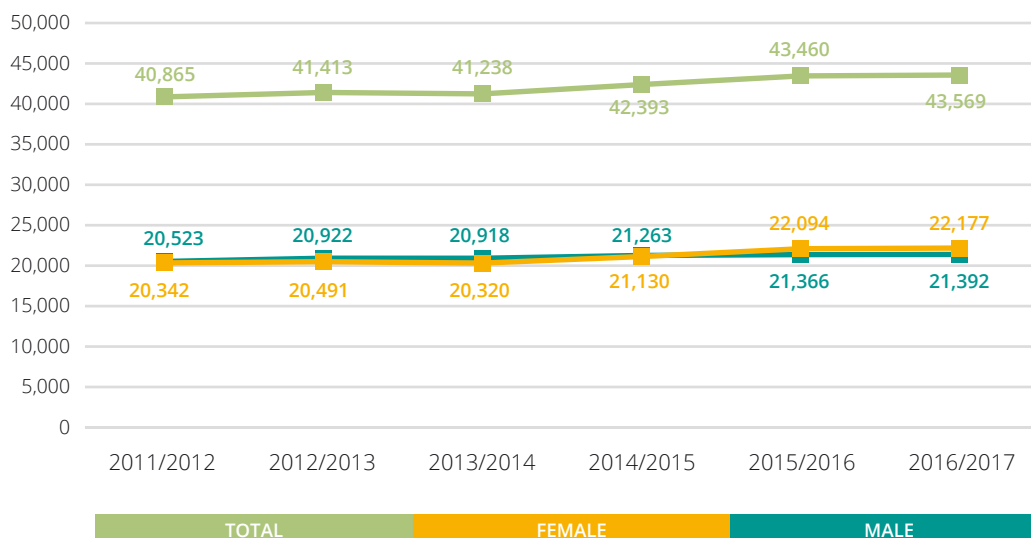

Dr Graham Love
Chief Executive

Postgraduate
20,864

TOTAL 69,633*

* The increase in graduate numbers from last year may, in part, be due to changes to Teacher Training Programmes. At undergraduate level, the 3-year Bachelor of Education for Primary Level Teaching changed to 4 years in 2012/13. Furthermore, at postgraduate level, the 1-year Professional Diploma in Education was replaced by a 2-year Professional Master of Education in 2014/15, thus resulting in a sharp decline in postgraduate ITE graduates in 2015.

Equal Access Survey

The Equal Access Survey is a voluntary survey which collects information on the social, economic and ethnic background of new students who enter higher education for the first time. The survey commenced in 2007 and this annual collection is managed jointly by the National Office for Equity to Higher Education and the Statistics Unit of the HEA.

Equal access data has been used:

- ▶ From 2010 onwards to advise on the allocation of the Student Assistance Fund to each higher education institution for the support of students in financial need;
- ▶ Since 2011 to implement the access element of the annual HEA recurrent grant allocation model for higher education institutions to support the provision of access and lifelong learning initiatives.

It should be noted the figures in this section represent full-time new entrants to year 1 of Undergraduate Certificate, Higher Certificate, Undergraduate Diploma, Ordinary and Honours Bachelor Degree programmes. The new entrant figures in other selected sections of this report also contain figures for students studying occasional programmes (as well as exam only students) who are excluded in this section when referring to new entrants. While the National College of Ireland (NCI) carry out the Equal Access Survey, they are a non-HEA funded institution and are therefore excluded from the analysis. Furthermore, it is important to note that Mater Dei and St Patrick's College have amalgamated into Dublin City University (DCU), while the Royal College of Surgeons in Ireland (RCSI) do not conduct this survey.

Response rates to the Equal Access Survey by institution are given in Appendix 2.

Response Rates by Sector & Selected Equal Access Survey Question, 2016/17

Mature New Entrants

The following analysis outlines the trends in mature student participation in Irish higher education over recent years and presents a demographic profile of this group.

A mature new entrant is defined as a student who was 23 or over on the 1 January of the year of entry to the higher education institution.

In this analysis, we have included new entrants for year one of Undergraduate Certificate/ Higher Certificate, Diploma, Ordinary and Honours Bachelor Degree programmes. It should be noted that the figures in this section exclude data from the National College of Ireland (NCI) and the Royal College of Surgeons in Ireland (RCSI).

Proportion of Mature and Non-Mature New Entrants, 2016/17

Full-time and Part-time Mature New Entrants as a % of all New Entrants, 2011/12 to 2016/17

Full- and Part-time Mature New Entrants as a % of all New Entrants by Sector, 2016/17

Trends in Full-time Mature New Entrants as a % of all New Entrants, 2011/12 to 2016/17

Trends in Part-time Mature New Entrants as a % of all New Entrants, 2011/12 to 2016/17

Equal Access Survey Data on Mature New Entrants

The Equal Access Survey is administered to all new entrants in HEA-funded institutions at registration every year. This section examines the responses of mature new entrants to questions in the survey. All data in this section refers to full-time mature new entrants to year 1 Undergraduate Certificate/Higher Certificate, Diploma, Ordinary Bachelor Degree and Honours Bachelor Degree programmes. It should be noted that the figures in this section exclude data from the National College of Ireland (NCI) and the Royal College of Surgeons in Ireland (RCSI).

Response rates to the Equal Access Survey by institution for mature new entrants are given in Appendix 3.

Ethnic Group of Full-time Mature and Non-Mature Respondents, 2016/17

	Mature	Non-Mature
Irish	75.6%	87.5%
Irish Traveller	0.1%	0.1%
Any Other White Background	12.6%	6.5%
African	6.7%	1.7%
Any Other Black Background	0.4%	0.2%
Chinese	0.6%	0.8%
Any Other Asian Background	2.1%	2.0%
Other	1.9%	1.2%
Total	100%	100%

Type of Disability of Full-time Mature and Non-Mature Respondents, 2016/17

	Mature Respondents	Non-Mature Respondents
	494	3,923
Type of Disability*	As % of Total Mature Respondents with a Disability	As % of Total Non-Mature Respondents with a Disability
Blindness, Deafness, Severe Hearing or Vision Impairment*	5.5%	4.9%
