About the Higher Education Authority

The mission of the Higher Education Authority (HEA) is to create a higher education system that maximises opportunities and ensures a high-quality experience for students. The HEA is the statutory funding body for the universities, institutes of technology and a number of designated higher education institutions and advises the Minister for Education and Skills on the development of Irish higher education.

Arising from the National Strategy for Higher Education, the HEA is now playing a key role in leading the higher education system in the achievement of higher levels of performance. The HEA advises the Minister for Education and Skills on the objectives to be set for the higher education system and performance indicators to be applied. It is the HEA's responsibility to ensure that institutional objectives are aligned with national objectives, that appropriate metrics are in place to measure performance and that funding allocations reflect performance. We are the lead agency in the creation of a coordinated system of higher education institutions with clear and diverse roles appropriate to their strengths and national needs.

The HEA performs an advocacy role for higher education to students, Government, employers and the general public and we input into the national policy agenda through the provision of high quality, research and evidence based policy advice to the Department of Education and Skills and other agencies and Departments with significant interaction with the higher education system.

The HEA has a key role with the Department of Education and Skills in implementing the National Access Plan for 2015-2019

Different retirement arrangements apply to staff employed in the public service prior to the aforementioned 2004 Act;
- f) The following points should be noted:
 - **Pension Accrual:** A 40-year limit on total service that can be counted towards pension where a person has been a member of more than one existing public service pension scheme will apply. This 40-year limit, which is provided for in the Public Service Pensions (Single Scheme and other Provisions) Act 2012 came into effect on 28 July 2012. This may have implications for any appointee who has acquired pension rights in a previous public service employment.

• **Pension Abatement:** The Public Service Pensions (Single Scheme and Other Provisions) Act 2012 extended pension abatement so that a retiree's public service pension is liable to abatement on re-entering public service employment, even where the new employment is in a different area of the public service. However, if the appointee was previously employed in the Civil Service and awarded a pension under voluntary early retirement arrangements (other than the Incentivized Scheme of Early Retirement (ISER) or the Health Service Executive VER/VRS which, as outlined below, render a person ineligible for the competition) the entitlement to payment of that pension will cease with effect from the date of reappointment.

Special arrangements will, however, be made for the reckoning of previous service given by the appointee for the purpose of any future superannuation award for which the appointee may be eligible.

• **Department of Education and Skills Early Retirement Scheme for Teachers Circular 102/2007:**

The Department of Education and Skills introduced an Early Retirement Scheme for Teachers. It is a condition of the Early Retirement Scheme that with the exception of the situations set out in paragraphs 10.2 and 10.3 of the relevant circular, and with those exceptions only, if a teacher accepts early retirement under Strands 1, 2 or 3 of this scheme and is subsequently employed in any capacity in any area of the public sector, payment of pension to that person under the scheme will immediately cease. Pension payments will, however, be resumed on the cesser of such employment or on the person's 60th birthday,

whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted will not be taken into account in the calculation of the pension payment).

• **III-Health Retirement:** Please note that where an individual has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.

6. Pension Related Deduction: This appointment is subject to the pension-related deduction in accordance with the Financial Emergency Measures in the Public Interest Act 2009. For further information in relation to public service superannuation issues please see the following website: <http://per.gov.ie/pensions>

7. Eligibility to compete: Candidates should note that eligibility to compete is open to citizens of the European Economic Area (EEA). The EEA consists of the Member States of the European Union along with Iceland, Liechtenstein and Norway.

8. Incentivized Scheme for Early Retirement (ISER): It is a condition of the Incentivized Scheme for Early Retirement (ISER) as set out in Department of Finance Circular 12/09 that retirees, under that Scheme, are debarred from applying for another position in the same employment or the same sector. Therefore, such retirees may not apply for this position.

9. Department of Health and Children Circular (7/2010): The Department of Health Circular 7/2010 dated 1 November 2010 introduced a Targeted Voluntary Early Retirement (VER) Scheme and Voluntary Redundancy Schemes (VRS). It is a condition of the VER scheme that persons availing of the scheme will not be eligible for re-employment in the public health sector or in the wider public service or in a body wholly or mainly funded from public moneys. The same prohibition on re-employment applies under the VRS, except that the prohibition is for a period of 7 years, after which time any re-employment will require the approval of the Minister for Public Expenditure and Reform. People who availed of either of these schemes are not eligible to compete in this competition.

10. Collective Agreement: Redundancy Payments to Public Servants:

The Department of Public Expenditure and Reform letter dated 28th June 2012 to Personnel Officers introduced, with effect from 1st June 2012, a Collective Agreement which had been reached between the Department of Public Expenditure and Reform and the Public Services Committee of the ICTU in relation to ex-gratia Redundancy Payments to Public Servants. It is a condition of the Collective Agreement that persons availing of the agreement will not be eligible for re-employment in the public service by any public service body (as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011) for a period of 2 years from termination of the employment. Thereafter the consent of the Minister for Public Expenditure and Reform will be required prior to re-employment. People who availed of this scheme and who may be successful in this competition will have to prove their eligibility (expiry of period of non-eligibility) and the Minister's consent will have to be secured prior to employment by any public service body.

11. Declaration of previous public service employment history:

Applicants will be required to declare whether they have previously availed of a public service scheme of incentivised early retirement and/or the collective agreement outlined above. Applicants will also be required to declare any entitlements to a Public Service pension benefit (in payment or preserved) from any other Public Service employment and/or where they have received a payment- in-lieu in respect of service in any Public Service employment.

Selection Methods

The selection may include shortlisting of candidates on the basis of the information contained in their application

- satisfactory references (referees will not be contact without the candidate's prior agreement)

The Higher Education Authority reserves the right to require candidates attend a second interview.

Shortlisting

Normally the number of applications received for a position exceeds that required to fill existing and future vacancies to the position. While a candidate may meet the eligibility requirements of the competition, if the numbers applying for the position are such that it would not be practical to interview everyone, the HEA may decide that a number only will be called to interview. In this respect, the HEA provide for the employment of a short-listing process to select a group for interview who, based on an examination of the application forms, appear to be the most suitable for the position. An expert board will examine the application forms against pre-determined criteria based on the requirements of the position. This is not to suggest that other candidates are necessarily unsuitable or incapable of undertaking the job, rather that there are some candidates, who based on their application, appear to be better qualified and/or have more relevant experience. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience in your application.

The applicant will be required to complete and return a Garda Vetting form should they come under consideration for appointment. This form will be forwarded to An Garda Síochána for security checks on all Irish and Northern Irish addresses at which they resided. If unsuccessful this information will be destroyed by the HEA. If the applicant subsequently comes under consideration for another position, they will be required to supply this information again.

Other important information

The HEA will not be responsible for refunding any expenses incurred by candidates.

The admission of a person to a campaign, or invitation to attend an interview, is not to be taken as implying that the HEA are satisfied that such person fulfils the requirements of the competition or is not disqualified by law from holding the position and does not carry a guarantee that your application will receive further consideration. It is important, therefore, for you to note that the onus is on you to ensure that you meet the eligibility requirements for the competition before attending for interview. If you do not meet these essential entry requirements but nevertheless attend for interview you will be putting yourself to unnecessary expense.

Prior to recommending any candidate for appointment to this position the HEA will make all such enquiries that are deemed necessary to determine the suitability of that candidate. Until all stages of the recruitment process have been fully completed a final determination cannot be made nor can it be deemed or inferred that such a determination has been made.

Should the person recommended for appointment decline, or having accepted it, relinquish it or if an additional vacancy arises the HEA may, at its discretion, select and recommend another person for appointment on the results of this selection process
